DETAILED ACTION

Response to Amendment

1. This Notice of Allowability/Examiner's Amendment is responsive to applicant's remarks received on 18 September 2009. Claims 1, 7, 9, 20-21, 24, 28 and 33 are canceled. Claims 34-38 are added. Claims 2-6, 8, 10-19, 22-23, 25-27, 29-32 and 34-38 are pending for further examination.

Response to Arguments

2. Applicant's arguments, see page 8, with respect to "Drawings" have been fully considered and are persuasive. The Examiner objected to the drawings because FIGS. 1-3 do not include readily identifiable descriptors for the blocks. FIGS. 1-3 have been amended to include such descriptors. The objections to the "Drawings" have been withdrawn.

3. Applicant's arguments, see page 9, with respect to 35 USC § 101 have been fully considered and are persuasive.

Regarding 35 USC § 101, Applicant has amended claims 2 and 25. Claim 25 now recites a currency tester that includes sensors and a processor coupled to the sensors and arranged in a particular way. At least these claimed limitations are performed by a computer, in that only a computer can execute the computational complexity of "processing increased resolution values in a spatial domain to recognize the currency item and to use a feature vector to denominate the currency item" and realize the intended purpose of the invention. A reasonable interpretation of the specification indicated that these claimed limitations in addition to a few other recited steps, require a programmed computer to accomplish the intended purpose of the invention, and there

is no disclosed indication of manual and/or mental activity involved. Therefore, independent claims 2 and 25 are tied to a machine and thus a statutory process. Independent claims 2 and 25 are further in compliance with the transformation analysis such that independent claims 2 and 25 claim a physical transformation of character information. The rejection of the claims has been withdrawn.

4. Applicant's arguments, see pages 8-10, with respect to rejections under 35 U.S.C. §112, second paragraph and rejections under 35 U.S.C. §103(a) have been fully considered and are persuasive. The rejections of the pending claims have been expressly withdrawn.

EXAMINER'S AMENDMENT

5. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Samuel Borodach Reg. No. 38,388 on 04 December 2009. The application has been amended as follows:

Please amend the claims as follows:

At claim 2, line 5, after "the" and before "measurements"; insert --"plurality"--

At claim 2, line 6, after "resolution" and before "is"; insert --"(R)"--

At claim 2, line 8, after "resolution" and before "is"; insert --"(R)"--

At claim 2, line 10, after "resolution" and before "in"; insert --"(R)"--

At claim 6, line 2, after "before" and before "filtering"; insert --"said"--

Art Unit: 2624

At claim 25, line 4, after "the" and before "measurements"; insert --"plurality"--

At claim 25, line 5, after "resolution" and before "is"; insert --"(R)"--

At claim 25, line 6, after "resolution" and before "is"; insert --"(R)"--

At claim 31, line 1, after "such" and before "a"; insert --"that"--

At claim 34, line 1, delete "tested"; replace with --"tester"--

At claim 35, line 1, delete "tested"; replace with --"tester"--

At claim 36, line 1, delete "tested"; replace with --"tester"--

At claim 37, line 1, delete "tested"; replace with --"tester"--

At claim 38, line 1, delete "tested"; replace with --"tester"--

At claim 39, line 1, delete "tested"; replace with --"tester"--

Allowable Subject Matter

6. The following is an examiner's statement of reasons for allowance: "In particular, none of the references, taken alone or in combination, discloses, suggests or renders obvious deriving values at a higher resolution so as to recognize the currency item and deriving values at a lower resolution to denominate the currency item."

Therefore claims 2-6, 8,10-19,22-23, 25-27, 29-32, 34-28 are allowable. The claims have been renumbered as 1-30.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the

issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
